Crochet Hooded Scarf Pattern

Finished Size & Skill Level

- Scarf: about 64 in (163 cm) long x 6 in (15 cm) wide
- Hood: about 11 in (28 cm) deep x 10 in (25 cm) tall - roomy enough to pull up comfortably
- **Skill level:** Beginner - chain, half double crochet, whipstitch seaming
- **Time:** about 12-15 hours, a perfect two-week evening project

Materials

- **Worsted-weight (#4) yarn:** approx 750 yds (686 m)
- **5 mm (US H-8) crochet hook**
- Yarn needle, scissors, stitch markers (optional)

Gauge

14 half double crochet stitches x 10 rows = 4 in (10 cm). The scarf is worked widthwise, so stitch gauge sets the width and row gauge sets the length. Close enough is fine; this is a drapey accessory, not a fitted garment.

Abbreviations (US Terms)

- **ch** = chain | **hdc** = half double crochet (UK: htr)
- **sl st** = slip stitch | **st(s)** = stitch(es)

The turning chain (ch 2) does not count as a stitch.

Scarf

Foundation: Ch 22.

Row 1: Hdc in 3rd ch from hook and in each ch across. (20 hdc - about 6 in wide)

Rows 2-160: Ch 2, turn, hdc in each st across. (20 hdc)

Your scarf should measure about 64 in long. Fasten off and weave in the ends.

For a shorter scarf, work fewer rows; for longer, add rows. Each 10 rows adds about 4 in.

Hood

Foundation: Ch 78.

Row 1: Hdc in 3rd ch from hook and in each ch across. (76 hdc - about 22 in wide)

Rows 2-25: Ch 2, turn, hdc in each st across. (76 hdc)

Do not fasten off yet. Your rectangle measures about 22 in x 10 in.

Shaping the hood

Step 1: Fold the rectangle in half, bringing the two short (10 in) edges together. The fold runs along the top of your head.

Step 2: Using the yarn tail and yarn needle, whipstitch one short edge closed from the fold down to the bottom. This is the back of the hood. Leave the other short edge open: that is the face opening.

Step 3: Fasten off and weave in the ends. Try it on: the fold should sit comfortably on top of your head with the opening framing your face.

Joining the Hood to the Scarf

Step 1: Lay the scarf flat and find its exact center; mark it with a stitch marker.

Step 2: Center the bottom edge of the hood (the 11 in folded edge) on the scarf's center mark, right sides together.

Step 3: Whipstitch the hood's bottom edge to the scarf's long edge, easing evenly. Knot securely and weave in all ends.

Finishing

- Weave in all remaining ends.
- Block lightly if the edges curl: lay flat, mist with water, shape with your hands, and let dry.
- Try it on: the hood should pull up easily and the scarf ends should wrap comfortably.
