

# CROCHET RUGS: ROUND FLOOR RUG PATTERN

CrochetRooms free printable pattern

---

For the gated PDF for [crochetrooms.com](https://crochetrooms.com)

## ABOUT THIS PATTERN

This is a simplified round floor rug pattern, written in our own words and inspired by the verified Solar Circle round rug from Blue Star Crochet. It is not a word for word copy of that design. For the original Solar Circle stitch details, including its decorative rounds, please visit the source linked at the end of this pattern. This version uses plain single crochet rounds so it is easy to follow, firm underfoot, and simple to resize.

## FINISHED SIZE

About 73 cm in diameter when made with the yarn and hook listed below, following the source rug. If you use a different yarn or hook, your finished size will differ. Measure as you go and stop when the rug suits your space.

## MATERIALS

- 1 ball Tek Tek t-shirt yarn, super chunky t-shirt yarn, 100 to 120 m per 700 g to 1 kg ball, as listed for the source rug
- 15 mm crochet hook, as listed for the source rug
- Scissors
- Yarn needle for weaving in ends
- Optional: non slip rug pad or rug tape for use on hard floors

## ABBREVIATIONS, US TERMS

ch: chain

sc: single crochet

sl st: slip stitch

st: stitch

## GAUGE CHECK FROM THE SOURCE

After the first round, the source rug circle measures 10 cm across. If your first round is much smaller, try a larger hook. If it is much larger, try a smaller hook. This check helps your rug stay close to the intended size.

## PATTERN NOTES

Work in rounds. Join each round with a slip stitch unless you prefer to work in a continuous spiral with a stitch marker. Keep your tension firm so the fabric is dense. Lay the rug flat after every few rounds. If the edge ripples, work fewer increases on the next round. If the rug cups upward like a bowl, work more increases. Moving the increase points a little from round to round helps the rug stay round rather than turning into a hexagon shape.

## INSTRUCTIONS

Start: Make a magic circle.

Round 1: Chain 1, work 6 sc into the circle, join with a sl st to the first sc. You have 6 stitches. Check that the circle measures about 10 cm across.

Round 2: Chain 1, work 2 sc in each stitch around, join. You have 12 stitches.

Round 3: Chain 1, work 1 sc in the first stitch, then 2 sc in the next stitch, and repeat this pair around, join. You have 18 stitches.

Following rounds: Continue in the same way, adding 6 stitches on each round by spacing the increases evenly. For example, on the next round work 2 plain stitches between increases, then 3 plain stitches between increases on the round after that, and so on. Shift the position of the increases a little from round to round so they do not stack in the same place.

Grow the rug: Keep adding rounds, laying the rug flat often, until it measures about 73 cm across, or until it reaches the size you want for your room. Do not worry if your round count differs from another maker. Yarn thickness and tension change how fast a rug grows.

Final round: Work 1 sc in each stitch around with no increases, join with a sl st, and fasten off. This plain round gives a neat, firm edge.

## FINISHING

Weave in all ends very securely on the back of the rug and trim them close, since loose ends on a floor rug can catch on feet or a vacuum cleaner. Block lightly if needed: dampen the rug, shape it flat, and let it dry fully before use. Place a non slip pad or rug tape underneath on hard floors.

## RECTANGULAR VARIATION, GENERAL GUIDANCE ONLY

For a rectangular rug, chain the width you want, then work rows of single crochet back and forth until the rug is long enough, turning at the end of each row. As a scale reference only, Maggie's Crochet lists its Criss-Cross rectangular rug at about 24 inches by 36 inches in bulky weight yarn with a G-6 (4.25 mm) hook. That reference is not a second full pattern in this PDF, and its exact row counts are not reproduced here.

## CARE

Follow your yarn label first. As general guidance from the Marching North round rug tutorial, wash on a gentle cycle if your yarn allows it, wash a large rug on its own, and lay it flat to dry.
