Crochet Shawl: Free Elegant Triangle Wrap Pattern

Finished Size & Skill Level

- **One size:** approximately 66 in (168 cm) wingspan x 20 in (51 cm) deep at the center spine, measured after blocking
- **Skill level:** Advanced beginner - double crochet, chains, and the same three increase points on every row
- **Time:** two to three weeks of evening stitching

Materials

- **Fingering-weight (#1) yarn** - approximately 850 yards (775 m). A solid color shows the lace best; a long-gradient cake paints its own stripes.
- **US G-6 (4.0 mm) crochet hook**, or size needed to obtain gauge
- Yarn needle, scissors, stitch markers, blocking pins

Abbreviations (US Terms)

- **ch** = chain | **st(s)** = stitch(es) | **sp(s)** = space(s)
- **dc** = double crochet (UK: treble crochet) | **sc** = single crochet | **sl st** = slip stitch

Gauge

15 dc and 13 rows = 4 in (10 cm) in double crochet, unblocked. Take time to match this gauge so your shawl comes out the intended size. The lace sections will open up with blocking, which is how the shawl reaches its full wingspan.

Pattern Notes

- This is an original CrochetRooms pattern. The shawl is a top-down triangle: you begin at the center of the long top edge and work outward in turning rows.
- Every row increases at the same three points: 3 dc in the first stitch, 3 dc in the last stitch, and (2 dc, ch 2, 2 dc) in the center chain-2 space. These three increases turn the rows into a triangle.
- The turning ch 3 counts as a double crochet throughout.
- Stitch counts are given in parentheses at the end of counted rows. The lace sections alternate a mesh row with a fill row; counts are given for the fill rows.

Fasten off and weave in the end.

Blocking & Sizing

Blocking makes this shawl: it opens the lace sections and brings the shawl to its full 66 in (168 cm) wingspan. Soak the shawl in cool water, gently squeeze out the excess (never wring), pin it out to the finished measurements, and let it dry completely.

To make a larger or smaller shawl, add or remove repeats of the solid and lace sections before the border. Each 4-row repeat adds about 4 in (10 cm) to the wingspan. Stop when the top edge reaches your target width, then work the border.

Finishing

Weave in all ends. Your crochet shawl is ready to wear, gift, or photograph for the mantel of your crafting shelf.
