Gauge

Gauge is not critical for this plush. Work with a firm, even tension so the stuffing does not show through the stitches.

Pattern Notes

- The body and head are worked in continuous rounds (spiral). Do not join rounds unless the instructions say to.
- Place a stitch marker in the first stitch of each round and move it up as you go.
- Stuff firmly as you work, adding a little more stuffing before you close each piece.
- This original pattern has not been physically tested. Check your stitch count at the end of each round.

Sew the head to the top of the body using the head's tail, adding a small amount of stuffing to the neck join before you close the seam.

Sew the arms to the sides of the body, the nose to the center of the head, and the hat to the top of the head.

Wrap the scarf around the neck and tack it in place. Sew the buttons down the front of the body.

Embroider a small smile with black yarn: a short curved line of backstitches below the nose.

Finishing

Weave in all ends. Shape the stuffing with your fingers until the snowman sits evenly, then display your new snowman.
